Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Art Unit: 3634

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4,7-11,18,22,24 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Buchanan. Buchanan discloses a window barrier comprising a frame 8 which includes upper and lower members, a barrier element 9, a securing member 11 operably coupled with door trim 5,6,7 and positioned in spaced relation to the window channel.

The applicants state that Buchanan fails to provide any disclosure of either an upper frame member or a securing member positioned intermediate the door frame and the door much less preventing movement of the frame by such positioning. This is not convincing for the frame 8 of Buchanan has an upper member (see figures 1 and 2) with securing members 11 disposed thereon which has the explicit purpose of maintaining the frame in a predetermined position.

2. Claims 25-27 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Edwards. Edwards discloses a window barrier including a clip 6 having a first arm 9 welded to the upper frame member. The weld fully responds to the claimed fastener.

The applicants state that Edwards fails to disclose a clip including first and second arms extending upwardly from a connector. This is not convincing for the clip 6 of Edwards has arm portions 7,8,9 extending upwardly.

3. Claims 12-17,28,30,31 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Moss et al. Moss et al disclose a window barrier comprising upper and lower frame members 14, barrier elements 16, first and second securing members 18,22.

The applicant states that Moss et al do not disclose a panel rest portion which extends inwardly and downwardly from a connecting portion and is configured to rest against the interior surface of a vehicle door. This argument is more specific than the claims and hence not directed thereto inasmuch as the claims do not positively recite the interior surface of the vehicle door as an element of the invention.

4. Claims 5,6,19,20,21,23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
